Oh, the

9 8 mas - ter class and scis - sor - bill, They rave of Dix - ie Land. But

mp *p*

13
8 still it's hell for Black folk there And mi-gra - tor - y work - ers. The

17
8 plutes say An - gels built Dix - ie, But I think they tell a fib. If the

21
8 An - gels did build Dix - ie Land, Then I'll tell you what the An - gels

24
8 did. They built some big stock - ades, And they called it Dix-ie

Land. Where jus - tice is God on - ly knows Far a - way in Dix - ie

Land. They built the vil - est place I've known To keep the

slaves from do - ing harm. Noth - ing was for - got - ten Where eve - ry

thing is rot - ten When they built the coun - ty farm. And they

41
8 took the dev - il from the pit And they gave him a thir - ty eight. They

45
8 taught him to be a con - vict guard And all work - ing folk to

48
8 hate. It's a crime to or - gan - ize down there, But we'll

51
8 show them as we've shown the Mas - ter Class else - where. We'll make it twice as nice as

54
8 par - a - dise When we con - quer Dix - ie Land.

58
8 Oh, the work - ers slave in this

62
8 land so bright, Where flow - ers ev - er bloom And dem - o - crats use

66
8 laws and might To turn the light to gloom. Oh,

69
8 work - ing class of Dix - ie, Wake up and take your due. Then the

73
8 flow - ers will bloom for us a - gain When fin - al - ly we are
