oft when I am walk - ing, I have heard the work - ers talk - ing A - bout

17

the In - dus - trial U - nion boys; And

21

in my tra - vels all a - round, In and out a - bout the town, Their

25

dope at last has made me wise; As I

29

lis - tened to their speech - es, In which they showed up those leech - es, Who are

33

suck - ing blood from work - ers eve - ry day, I de -

37

ter - mined then to kick in, And to give the boss a lick - in'; To my -

41

self, I then did say: "I'll wear that

45

old red but - ton, the In - dus - trial Work - ers' but - ton, And I'll

49

help them out in the fray; When the

53

fight is o - ver, I shall be in clo - ver, When we

57

win the eight - hour day."

61

And it's

65

now when I am walk - ing, It is me that does the talk - ing, Since I

69

joined this U - nion Grand; And I

73

speak out to the work - ers, To u - nite a - gainst the shirk - ers And get

77

in the In - dus - trial band;

81

And I said: "Let's quit this pik - ing; 'Gainst our long hours, let's be strik - ing;

85

Or - gan - ize for an eight - hour day." And the

89

work - ers sure did lis - ten, And their eyes with hope did glis - ten, And to -

93

geth - er, they did say: "I'll wear that

97

old red but - ton, the In - dus - trial Work - ers' but - ton, And I'll

101

help them out in the fray; When the

105

fight is o - ver, I shall be in clo - ver, When we

109

win the eight - hour day. I'll wear that
